

Pupil premium strategy statement 2023-2026

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy and how we intend to spend the funding in this academic year.

School overview

Detail	Data
School name:	Wild Bank Primary School
Number of pupils in school:	148
Proportion (%) of pupil premium eligible pupils:	52%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2023/2024 2024/2025 2025/2026
Date this statement was published	December 2023
Date on which it will be reviewed	December 2024
Statement authorised by	Janet Postlethwaite
Pupil premium lead	Janet Postlethwaite
Governor / Trustee lead	Ruth Dolan

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£97364
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£97364

Part A: Pupil premium strategy plan

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1 ATTAINMENT & PROGRESS	Attainment data is well below the national average. Changes in leadership, turnover of staff and historical decision-making has led to inconsistencies in provision.
2 SEND	There has been a lack of clarity around the holistic understanding of the children and their needs.
3 CULTURAL CAPITAL & WIDER EXPERIENCES	Some PP children have poor home environments. These influences include low standards of housing, a range of social factors and low confidence of parents. The wider life experiences and cultural awareness of some of the children are very limited, as is the ability to retain information. Some parents have limited finances and rely predominantly on trips and visitors in school to extend their children's experiences. Therefore, children do not have positive experiences to draw upon. This impacts on their wider attainment including attainment and progress.
4 ATTENDANCE & PUNCTUALITY	Some PP families have punctuality/ low attendance rates and miss out on valuable learning. The % of this last year was less than overall attendance. Overall attendance stood at 93.17%; PP attendance was 92.76%
5 PASTORAL	Some PP children have other influences such as SEMH/SEN/Safeguarding issues. 32% of our PP have SEN. These combine to have a major impact on learning. (Taken from November 2023 figures – PP children in school)

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

	Intended outcome	Success criteria
1.	For the attendance of PP children to be no lower than the attendance for non-PP children. For attendance to be comparable to national attendance (96%).	Attendance Officer will promptly call families who have an absent child without notification A cause for concern list will be used by the pastoral team of children we know who have historic attendance concerns and family support workers will complete home visits for these children Extremely poor attendance (below 90%) will be challenged with communication (in the form of an email sent through Arbor initially, then conversations/meeting with the Attendance Officer, EWO and HT as necessary) Attendance Improvement Plans will be written alongside parents/carers to improve the punctuality and attendance of identified child/ren. Penalty notices will be issued where necessary Prosecutions will be issued where necessary
2.	To increase the number of PP children at KS1 & KS2 who obtain expected in Maths, Reading and Writing To improve memory and retention of skills and	Gaps will close in progress and attainment made between PP and Non-PP Interventions will be used to close the attainment gap in writing, GPS, reading and maths PP children will achieve in line with their peers and make at least expected progress

	<p>knowledge by the use of repetition/focus on vocabulary</p> <p>To reduce the gap in attainment between PP and non-PP children.</p>	<p>The % of disadvantaged pupils achieving GLD in Literacy and Maths is at least in line with all other areas</p> <p>Standardised tests will be initiated each term for all children. These will be used to identify gaps which in turn will inform teaching, learning and intervention and. Pupils will have regular/weekly opportunities to rehearse, practise and consolidate key skills in reading, writing, and mental and written arithmetic.</p> <p>Class teachers and teaching assistants and will support learning effectively and live interventions will promptly address learning gaps and misconceptions.</p>
3.	<p>Use relational inclusion, zones of regulation and trauma-informed practice to support those children with SEMH needs and those with significant ACEs (Adverse Childhood Experiences)</p> <p>To further support the PP children who also have SEN needs through external agencies such as: SEMH support, CAMHS, Educational Psychologists and CLASS support.</p> <p>This will have the intention of reducing the amount of suspensions, incidents recorded and disruptive behaviour in school</p>	<p>PP children receive the support they need and teachers are able to use strategies/advice from reports to support the children in their classes effectively to obtain the best outcomes possible.</p> <p>Key identified children with SEMH are supported in the classroom with trained staff using proven strategies such as the Zones of Regulation.</p> <p>Suspensions and incidents are reduced.</p> <p>New behaviour policy will be introduced.</p>
4.	<p>To improve the attainment of SEN PP children at KS1 and KS2.</p>	<p>PP+ SEN pupils achieving expected at the end of KS2 in reading and writing is equal to or above National PP SEN figures.</p> <p>PP+ SEN pupils progress at the end of KS2 in reading and writing is equal to or above National PP SEN Progress figures.</p> <p>SENDCo support increases children with EHCPs and the support they receive within school is appropriate and leads to improved outcomes for these children.</p>
5.	<p>To continue to improve oral and expressive Language skills for pupils eligible for PP in Nursery, Reception and KS1</p> <p>Progress recorded and entry and exit data.</p>	<p>Children with low oracy skills or who have difficulties understanding language will make good progress.</p> <p>Successful use of Well-Comm scheme in Nursery and Reception.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Activity	Evidence that supports this approach	Challenge number(s) addressed
Training for staff in Reading, Writing and Maths to ensure high quality first teaching within classrooms including hotspotting, pre and post teach sessions including feedback Interventions used effectively to support those children whose gaps have been identified	EEF research into specific training needed to promote further development into staffing expertise White Rose training – Maths Rekenrek training for LKS2 Training on planning and delivering English lessons – some peer to peer support	2/3/4/5
Support for children who struggle to manage in school due to ACEs and significant SEMH needs. This will include: <ul style="list-style-type: none"> • CPD for relational inclusion for ALL staff in school • CPD (INSET day) from Harriet Williams re Zones of Regulation and strategies to support those children with significant ACEs in school to ensure full access to the curriculum for all 	Relational Inclusion programme Zones of Regulation training	4
Subsidising of costs of 25% of TAs in school to support in class – Phonics/Writing/Reading/Maths etc		2/4/5
Introduction and continued use of the WellComm strategy	DfE recommended programme of support for EY	5

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Activity	Evidence that supports this approach	Challenge number(s) addressed
1:1 intensive Phonic support	EEF/ proven intervention at school in the past has shown huge improvements in children’s knowledge of Phonics (First Class) The repetitive nature of the programme ensures accuracy.	2/3
One to one/group tutoring in English and Maths	Tutoring report from DfE – use money from the tutoring grant to support this if available.	2/3/4

Counselling for groups of children and individuals with significant ACEs and SEMH needs	Research from EEF	3
---	-------------------	---

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Activity	Evidence that supports this approach	Challenge number(s) addressed
Range of after school clubs available for pupils, run by school staff. TAs additional hours	Enrichment activities/health and wellbeing	All
Provision of trips (coaches) and the Y6 residential subsidised	Enrichment activities/wellbeing/experiences	All
Pupil rewards for exciting activities to engage children in school and encourage improved attendance	Enrichment activities/wellbeing/experiences	All
Breakfast Club (staff and food) for disadvantaged pupils to encourage attendance and punctuality. Learning Mentor directed to focus on attendance as part of role engage with parents/carers: First day absence phone calls; weekly analysis of data, identification of 'at risk' pupils / families; support for pupils; support and challenge for target families; short term crisis support for families; development of Attendance Improvement Plans Attendance Lead to issue penalty notices, attendance improvement plans etc. Purchase rewards for attendance, punctuality, positive learning behaviours and demonstrating our school values.	EEF – Teaching and Learning Toolkit: Parental Engagement = + 4 Months. DfE's "Improving school attendance" advice.	1
Tameside EWO to make half termly register checks, hold meetings with parents. EWO to support register checks, attendance improvement plans and evidence trail and paperwork for prosecutions	As above	1
Employment of part-time SENDCo 1 day per week		

Total budgeted cost: £98,900

Part B: Review of outcomes in the academic year 2023 – 2024

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.
