STATEMENT OF INTENT

Wild Bank Primary School is committed to safeguarding and promoting the physical, mental and emotional welfare of every pupil, both inside and outside of the school premises. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken. Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child. We will operate with the best interests of the child at heart. It is important to us that children come to school happy and ready to learn and that we work in close partnership with parents and carers to achieve this.

Our pupils' welfare is our paramount concern. It is important that a culture of vigilance, with no place for complacency regarding safeguarding, permeates the school. Early information sharing is vital for the effective identification, assessment, and allocation of appropriate service provision, whether this is when problems first emerge, or where a child is already known to local authority children's social care. Staff should feel confident and able to raise concerns and know they will be supported and that their concerns will be investigated as appropriate. Pupils should always be listened to and should be given ample opportunities to voice their opinions and concerns about any aspect of safeguarding. All members of staff have a duty to safeguard our pupils' welfare and must therefore familiarize themselves and comply at all times with this policy. All school staff should be aware that safeguarding incidents can happen at any time and anywhere and are required to be alert to any possible concerns – 'it could happen here' is the required mindset!

At Wild Bank, we have a zero-tolerance approach to abuse, and it should never be passed off as "banter", "just having a laugh", "part of growing up" or "boys being boys" as this can lead to a culture of unacceptable behaviours and an unsafe environment for children.

At Wild Bank we are a Primary and all those directly connected i.e. staff members, Governors, parents, carers, families and pupils, have an essential role to play in making it safe and secure. No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.

The school recognizes that effective child protection work requires sound procedures, good inter-agency co-operation and a workforce that is competent and confident in responding to child protection situations. Children and young people are vulnerable to abuse in a range of social contexts. We recognise the potential for multiple issues overlapping, so all staff will be vigilant and report this. The contextual safeguarding of our children is crucial.

OUR ETHOS

At Wild Bank Primary School, we provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.

We recognise the importance of providing an environment within our setting that will help children feel safe and respected. We recognise the importance of enabling children to talk openly and to feel confident that they will be listened to. Our pupils need to feel that there will always be someone there whom they can rely upon in times of difficulty. It is recognised that teachers and other school-based staff play an important role in identifying cases of child abuse.

We recognise that all adults within our Wild Bank Primary School, including permanent, temporary and supply staff, volunteers and governors, have a full and active part to play in protecting our pupils from harm.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance. It will be achieved by:

- Ensuring that members of the governing board, the headteacher and staff understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse, and know to refer concerns to the DSL.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to, or is at risk of, abuse, neglect, or exploitation.
- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Ensuring that the headteacher and any new staff and volunteers are only appointed when all the appropriate checks have been satisfactorily completed.

We will work with parents/carers to build an understanding of our responsibilities to ensure the welfare of all children, including the need for referrals to other agencies in some situations. The prime concern at all times must be the interests and safety of the pupil(s)

DEFINITIONS

The terms **"children"** and **"child"** refer to anyone under the age of 18.

For the purposes of this policy, **"safeguarding and protecting the welfare of children"** is defined as:

- Protecting pupils from maltreatment.
- Preventing the impairment of pupils' mental and physical health or development.
- Ensuring that pupils grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all pupils to have the best outcomes.

Child Protection and Safeguarding Policy: September 2025

For the purposes of this policy, **“consent”** is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another, and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity, and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. The age of consent is 16.

For the purposes of this policy, **“sexual violence”** refers to the following offences as defined under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the penetration is sexual, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching, and A does not reasonably believe that B consents.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if they intentionally cause another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

For the purposes of this policy, **“sexual harassment”** refers to unwanted conduct of a sexual nature that occurs online or offline, inside or outside of school. Sexual harassment is likely to violate a pupil’s dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. **SEXUAL HARASSMENT CAN INCLUDE, BUT IS NOT LIMITED TO:**

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.
- Sexual “jokes” and taunting.
- Physical behaviour, such as deliberately brushing against someone, interfering with someone’s clothes, and displaying images of a sexual nature.
- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:
 - The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
 - Sharing unwanted explicit content.
 - Upskirting.
 - Sexualised online bullying.
 - Unwanted sexual comments and messages, including on social media.
 - Sexual exploitation, coercion, and threats.

For the purposes of this policy, **“upskirting”** refers to the act, as identified the Voyeurism (Offences) Act 2019, of taking a picture or video under another person’s clothing, without their knowledge or consent, with the intention of viewing that person’s genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

For the purposes of this policy, the **“consensual and non-consensual sharing of nude and semi-nude images and/or videos”**, colloquially known as **“sexting”**, is defined as the sharing between pupils of sexually explicit

content, including indecent imagery. For the purposes of this policy, “**indecent imagery**” is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way
- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals

MULTI-AGENCY WORKING

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements.

The school will be fully engaged, involved, and included in local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies. The school will act in accordance with the safeguarding arrangements.

The school will work with CSCS, the police, health services and other services to protect the welfare of its pupils, through the early help process and by contributing to multi-agency plans to provide additional support.

Where a need for early help is identified, the school will allow access for CSCS from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.

The school also recognises the particular importance of inter-agency working in identifying and preventing CSE.

Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSLs.

EARLY HELP

Early help means providing support as soon as a problem emerges, at any point in a child's life. Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Have mental health needs.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised or exploited.
- Have family members in prison, or are affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Misuse drugs or alcohol.
- Have returned home to their family from care.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Are persistently absent from education, including persistent absences for part of the school day.
- Are missing from education.
- Both of the above can be a warning sign of a range of safeguarding concerns, including sexual abuse, sexual exploitation or child criminal exploitation
- Show early signs of abuse and/or neglect in other ways.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review and consideration given to a referral to CSCS for assessment for statutory services if the pupil's situation is not improving or is worsening.

At Wild Bank, we support Tameside's vision for families to have a SMARTER, STRONGER, SOONER, SAFER early help support.

ABUSE AND NEGLECT

For the purposes of this policy, **"abuse"** is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others – this can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Domestic abuse can be psychological, physical, sexual, financial or emotional. It can impact on children through seeing, hearing or experiencing the effects of domestic abuse and/or experiencing it through their own intimate relationships. Children may be abused in a family, institutional or Primary setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

For the purposes of this policy, **"physical abuse"** is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

For the purposes of this policy, **"emotional abuse"** is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

For the purposes of this policy, **"sexual abuse"** is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware

of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

For the purposes of this policy, **“neglect”** is defined as the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in serious impairment of a child’s health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

All staff will be aware of the indicators of abuse, neglect and exploitation and understand that children can be at risk of harm inside and outside of the school, inside and outside of home, and online. All staff will be aware that abuse, neglect and other safeguarding issues are rarely standalone events that can be given a specific label, and multiple issues often overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSLs, will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

SPECIFIC SAFEGUARDING ISSUES:

There are certain specific safeguarding issues that can put children at risk of harm – staff will be aware of these issues.

Appendix A of this policy sets out details about specific safeguarding issues that pupils may experience and outlines specific actions that would be taken in relation to individual issues.

CHILD ON CHILD ABUSE

For the purposes of this policy, **“child-on-child abuse”** is defined as abuse between children.

The school has a zero-tolerance approach to abuse, including child-on-child abuse, as confirmed in the Child Protection and Safeguarding Policy’s statement of intent.

All staff will be aware that child-on-child abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of child-on-child abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that child-on-child abuse is not occurring. All staff will speak to the DSL if they have any concerns about child-on-child abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers, and will not tolerate abuse as “banter” or “part of growing up”.

Child-on-child abuse can be manifested in many different ways, including:

Child Protection and Safeguarding Policy: September 2025

- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers – sometimes known as ‘teenage relationship abuse’.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Upskirting.
- Initiation- and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

All staff will be clear as to the school’s policy and procedures regarding child-on-child abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

The school’s procedures for managing allegations of child-on-child abuse are outlined in the Child-on-child Abuse Policy. Staff will follow these procedures, as well as the procedures outlined in the school’s Anti-bullying Policy and Suspension and Exclusion Policy, where relevant.

ONLINE SAFETY AND PERSONAL ELECTRONIC DEVICES

The school will adhere to the Online Safety Policy at all times.

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

Through training, all staff members will be made aware of:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online.
- The procedure to follow when they have a concern regarding a pupil’s online activity.

We will ensure that suitable filtering systems are in place on ICT equipment to prevent children accessing inappropriate material, in accordance with the school’s Cyber-security Policy. The school will, however, ensure that the use of filtering and monitoring systems does not cause “over blocking”, which may lead to unreasonable restrictions as to what pupils can be taught online.

Staff will be aware of the filtering systems in place and will know how to escalate concerns where they are identified.

Further information regarding the school’s approach to online safety can be found in the Online Safety Policy.

Communicating with parents

As part of the usual communication with parents, the school will reinforce the importance of pupils being safe online and inform parents that they will find it helpful to understand what systems the school uses to filter and monitor online use.

The school will also make it clear to parents what their children are being asked to do online for school.

Child Protection and Safeguarding Policy: September 2025

Reviewing online safety

The school will carry out an annual review of its approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by pupils.

Personal electronic devices

The use of personal electronic devices, including mobile phones and cameras, by staff and pupils is closely monitored by the school, in accordance with the Staff ICT and Electronic Devices Policy and Pupils' Personal Electronic Devices Policy.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy and Photography Policy. The DPO will oversee the planning of any events where photographs and videos will be taken.

Where photographs and videos will involve pupils who are LAC, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to determine the steps involved. The DSL will, in known cases of pupils who are LAC or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment for the purpose of upskirting. **"Operating equipment"** includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL, who will then decide on the next steps to take, which may include police involvement.

CONSENSUAL AND NON-CONSENSUAL SHARING OF INDECENT IMAGES AND VIDEOS.

The school will ensure that staff are aware to treat the consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual images) as a safeguarding concern.

Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with instances of sharing nudes and semi-nudes in the school Primary, including understanding motivations, assessing risks posed to pupils depicted in the images, and how and when to report instances of this behaviour.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Where a member of staff becomes aware of an incidence of sharing nudes and/or semi-nudes, they will refer this to the DSL as soon as possible.

CONTEXT OF SAFEGUARDING INCIDENTS

Safeguarding incidents can occur outside of school and can be associated with outside factors. All staff, particularly the DSL and deputy DSLs, will always consider the context of safeguarding incidents. Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their

Child Protection and Safeguarding Policy: September 2025

safety and/or welfare. The school will provide as much contextual information as possible when making referrals to CSCS.

PUPILS POTENTIALLY AT GREATER RISK OF HARM

The school recognises that some groups of pupils can face additional safeguarding challenges, and understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outline below.

Pupils who need social workers

Pupils may need social workers due to safeguarding or welfare needs. These needs can leave pupils vulnerable to further harm and educational disadvantage.

As a matter of routine, the DSL will hold and use information from the LA about whether a pupil has a social worker in order to make decisions in the best interests of the pupil's safety, welfare, and educational outcomes.

Where a pupil needs a social worker, this will inform decisions about safeguarding, e.g. responding to unauthorised absence, and promoting welfare, e.g. considering the provision pastoral or academic support.

Home-educated children

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the Education (Pupil Registration) (England) Regulations 2006, the school will inform the LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from school for EHE, the school, in collaboration with the LA and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

LAC and PLAC

Children most commonly become looked after because of abuse and/or neglect. Because of this, they can be at potentially greater risk in relation to safeguarding. PLAC, also known as care leavers, can also remain vulnerable after leaving care.

The Governing Board will ensure that staff have the skills, knowledge and understanding to keep LAC and PLAC safe. This includes ensuring that the appropriate staff have the information they need, such as:

- Looked after legal status, i.e. whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order.
- Contact arrangements with parents or those with parental responsibility.
- Care arrangements and the levels of authority delegated to the carer by the authority looking after the pupil.

The DSL will be provided with the necessary details of pupils' social workers and the VSH, and, for PLAC, personal advisers.

Child Protection and Safeguarding Policy: September 2025

Further details of safeguarding procedures for LAC and PLAC are outlined in the school's LAC Policy. Mrs Wales is the lead professional for LAC and PLAC pupils.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

LGBTQ+ pupils

The fact that a pupil may be LGBTQ+ is not in itself an inherent risk factor for harm; however, staff will be aware that LGBTQ+ pupils can be targeted by other individuals. Staff will also be aware that, in some cases, a pupil who is perceived by others to be LGBTQ+ (whether they are or not) can be just as vulnerable as pupils who identify as LGBTQ+.

Staff will also be aware that the risks to these pupils can be compounded when they do not have a trusted adult with whom they can speak openly with. Staff will endeavour to reduce the additional barriers faced by these pupils and provide a safe space for them to speak out and share any concerns they have.

Pupils requiring mental health support

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

USE OF SCHOOL PREMISES FOR NON-SCHOOL ACTIVITIES

Where the Local Governing Board hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run Primary or extracurricular activities, it will ensure that appropriate arrangements are in place to keep pupils safe.

Where the Local Governing Board provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the Governing Board will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. If there are any safeguarding allegations, school should follow our safeguarding policy and procedure, including informing the LADO. The Governing Board will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The Governing Board will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extra-curricular activities and clubs

External bodies that host extracurricular activities and clubs at the school, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.

All national governing bodies of sport that receive funding from either Sport England or UK Sport must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

ALTERNATIVE PROVISION

The school will remain responsible for a pupil's welfare during their time at an alternative provider. When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

WORK EXPERIENCE

When a pupil is sent on work experience, the school will ensure that the provider has appropriate safeguarding policies and procedures in place. Where the school has pupils conduct work experience at the school, an enhanced DBS check will be obtained if the pupil is over the age of 16.

HOMESTAY EXCHANGE VISITS

School-arranged homestays in UK

Where the school is arranging for a visiting child to be provided with care and accommodation in the UK in the home of a family to which the child is not related, the responsible adults are considered to be in regulated activity for the period of the stay. In such cases, the school is the regulated activity provider; therefore, the school will obtain all the necessary information required, including a DBS enhanced certificate with barred list information, to inform its assessment of the suitability of the responsible adults.

Where criminal record information is disclosed, the school will consider, alongside all other information, whether the adult is a suitable host. In addition to the responsible adults, the school will consider whether a DBS enhanced certificate should be obtained for anyone else aged over 16 in the household.

School-arranged homestays abroad

The school will liaise with partner schools to discuss and agree the arrangements in place for the visit. The school will consider, on a case-by-case basis, whether to contact the relevant foreign embassy or High Commission of the country in question to ascertain what checks may be possible in respect of those providing homestay outside of the UK. The school will use its professional judgement to assess whether the arrangements are appropriate and sufficient to safeguard every child involved in the exchange. Pupils will be provided with emergency contact details to use where an emergency occurs or a situation arises that makes them feel uncomfortable.

Privately arranged homestays

Where a parent or pupil arranges their own homestay, this is a private arrangement and the school is not the regulated activity provider.

Private fostering

Where a period of UK homestay lasts 28 days or more for a child aged under 16, or under 18 for a child with SEND, this may amount to private fostering under the Children Act 1989. Where the school becomes aware of a pupil being privately fostered, they will notify the LA as soon as possible to allow the LA to conduct any necessary checks.

CONCERNS ABOUT PUPILS

If a member of staff has any concern about a pupil's welfare, or a pupil has reported a safeguarding concern in relation to themselves or a peer, they will act on them immediately by speaking to the DSL or deputy DSLs.

Child Protection and Safeguarding Policy: September 2025

Staff will be aware that pupils may not feel ready or know how to tell someone that they are being abused, exploited or neglected, and/or they may not recognise their experiences as harmful. Staff will be aware that this must not prevent them from having professional curiosity and speaking to the DSL, or deputy DSL, if they have a concern about a pupil.

All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing, as outlined in the communication and confidentiality section of this policy.

Where the DSL is not available to discuss the concern with, staff members will contact the deputy DSLs with the matter. If a referral is made about a pupil by anyone other than the DSL, the DSL will be informed as soon as possible.

The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer. Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil. If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.

If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered. All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded in writing by the DSL and kept securely.

If a pupil is in immediate danger, a referral will be made to CSCS and/or the police immediately. If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.

Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback and express their views. When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.

An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

MANAGING REFERRALS

The reporting and referral process outlined in the Reporting Safeguarding Concerns Process Flowchart will be followed accordingly.

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed. When making a referral to CSCS or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.

The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSCS. Where CSCS decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm. Where CSCS decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.

At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so. Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm. The school will work closely with parents to ensure that the pupil, as well as their family, understands the arrangements in place, such as in-school interventions, is effectively supported, and knows where they can access additional support.

Tameside Safeguarding Children Partnership Threshold Guidance will be used to determine the level of need and the action needed to offer support at an earlier stage or to safeguard a child i.e., does the child and family need help or is the child at risk of harm.

Tameside Children's Multi-Agency Safeguarding Hub will be contacted if we need support or advice on safeguarding children/young people and/or if we believe that a child/young person is at risk of significant harm (contact details on the first page of this policy).

All safeguarding concerns will be reported to the Children's Multi Agency Safeguarding Hub using the Multi-Agency Request for Service Form (MARS). The safeguarding functions within the Children's Multi-Agency Safeguarding Hub bring together all the multi-agency resources to provide a quick and robust response to safeguarding children at the front door.

Referrals may also be made for Early Help intervention by completing a MARS, this will enable the school to work with the family and other professionals to provide a coordinated multi-agency package of support.

CONCERNS ABOUT SCHOOL SAFEGUARDING PRACTICES

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy. If a staff member feels

Child Protection and Safeguarding Policy: September 2025

unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

SAFEGUARDING CONCERNS AND ALLEGATIONS OF ABUSE AGAINST STAFF

All allegations against staff, supply staff, volunteers and contractors will be managed in line with the school's Allegations of Abuse Against Staff Policy, a copy of which will be provided to, and understood by, all staff. The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns", as defined in the Allegations of Abuse Against Staff Policy. Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child, or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

Low-level concerns will be handled in line with the schools' Low-level Safeguarding Concerns Policy.

COMMUNICATION AND CONFIDENTIALITY

All child protection and safeguarding concerns will be treated in the strictest of confidence in accordance with school data protection policies.

Where there is an allegation or incident of sexual abuse or sexual violence, the victim is entitled to anonymity by law; therefore, the school will consult its policy and agree on what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. Where a report of sexual violence or sexual harassment is progressing through the criminal justice system, the school will do all it can to protect the anonymity of the pupils involved in the case.

Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis. During the disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.

Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim's consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime. Before doing so, the DSL will weigh the victim's wishes against their duty to protect the victim and others. Where a referral is made against the victim's wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.

Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved. Discussions with parents will not take place where they could potentially put a pupil at risk of harm. Discussion with the victim's parents will relate to the arrangements being put in place to safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report. Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, with the reasons behind decisions being explained and the available support discussed. External agencies will be invited to these discussions where necessary.

Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented.

Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

SAFER RECRUITMENT

The school's full policy and procedures for safer recruitment are outlined in the Victorious Academies Trust's Safer Recruitment Policy.

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

- Are responsible on a daily basis for the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.

The DfE's [DBS Workforce Guides](#) will be consulted when determining whether a position fits the child workforce criteria.

The school will conduct the appropriate pre-employment checks for all prospective employees, including internal candidates and candidates who have lived or worked outside the UK.

The appropriate DBS and suitability checks will be carried out for all governors, volunteers, and contractors.

Staff suitability

All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018. A person may be disqualified if they:

- Have certain orders or other restrictions placed upon them.
- Have committed certain offences.

All staff members are required to sign the Staff Disqualification Declaration Form confirming that they are not disqualified from working in a schooling environment. A disqualified person will not be permitted to continue working at the school, unless they apply for and are granted a waiver from Ofsted. The school will provide support with this process.

Ongoing suitability

Following appointment, consideration will be given to staff and volunteers' ongoing suitability – to prevent the opportunity for harm to children or placing children at risk.

Referral to the DBS

The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity. The duty will also apply in circumstances where an individual is deployed to another area of work that is not in regulated activity or they are suspended.

SINGLE CENTRAL RECORD (SCR)

The school keeps an SCR which records all staff, including agency and third-party supply staff, and teacher trainees on salaried routes, who work at the school. The School Business Manager has been delegated with the ongoing update of the SCR.

All members of the proprietor body are recorded on the Victorious Academies Trust SCR.

Each individual academy has a separate SCR provided separately.

Child Protection and Safeguarding Policy: September 2025

The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications, where required
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK
- A section 128 check for those in management positions

For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been received which indicates that all the necessary checks have been conducted (i.e. all the same checks the school would perform on any individual working in the school or who will be providing education on the school's behalf, including through online delivery) and the date that confirmation was received.

If any checks have been conducted for volunteers, this will also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Written confirmation that supply agencies have completed all relevant checks will also be included.

The school is free to record any other information it deems relevant.

The details of an individual will be removed from the SCR once they no longer work at the school.

APPENDIX B

Online Safeguarding Records using MyConcern®

If you have a Safeguarding Concern about a child, please complete a Safeguarding Log on MyConcern®. However, if there is immediate risk of harm to the child or others, please contact a member of the Safeguarding Team immediately.

1. Logging in to MyConcern® on any internet search engine. (The safeguardingcompany.com)
2. Use your secure login details to log in – you will have received an email from OneTeamLogic asking you to create a password and activate your account. Remember NEVER click on ‘remember password’ as this is a secure and confidential system.
3. Click on report a Concern

4. MyConcern® allows you to report a concern about a named pupil (or a number of pupils) or to report a concern even if you aren't sure of the name(s) of the individuals involved. By typing a name into the text field a drop-down list appears which will allow you to select the pupil linked to the concern. This process can be repeated if there is more than one pupil involved in the incident. The name(s) of the selected pupil(s) will appear in a list below the text field. You can search for pupils based on the forename or the surname. The system will start generating the search when there are at least 3 letters in the text field.
5. The Concern Summary is a one-line sentence summarising the concern only. The purpose is to make it easier for people to identify concerns when they appear together in a list or in one of the dashboards on the system.
6. Concern Date and Time You simply select the time and date that the concern came to your attention from the pop-up calendar. The calendar will allow you to record historical concerns if necessary.
7. Details of Concern As much relevant information as possible should be included in the report, including the time and date of the incident and the actual words used by the pupil (if appropriate). There is no limit to the number of words that can be typed into this field and you will be able to create paragraphs within the text box if necessary. Placing the cursor over the bottom right corner and dragging the mouse can expand the screen view for the text box.
8. Is this Urgent? If the concern is URGENT you have the option to tick the 'YES' box. A new text box will then appear asking you to briefly explain why this concern is urgent. When this concern is submitted the automated email alert that is sent to the DSL will make it clear that this concern is urgent. This will assist the DSL to assess the concern and take the right course of action based on the information that has been provided. A concern is considered urgent if you believe that action is required within a specified timescale (e.g. before the end of the school day). You are reminded that if there is a risk of immediate serious harm a DSL should be personally informed as soon as possible and for this not to be delayed; the recording of the concern can be entered retrospectively.
9. Action Taken If you have already taken or plan to take any action to deal with the concern then that information can be recorded in the box provided. This will help the DSL to understand what the user has done in response to the incident.
10. Body Maps. Simply click on the part of the body that relates to the disclosure or concern.
11. Submitting a Concern Once you have completed the concern report you can simply click on the orange 'Submit Concern' button to finalise your submission.
12. Adding Updates You are able to update a concern when you have additional information to add to the chronology. Access to update a concern can be achieved by selecting the 'Update a Concern' tab on the Home Page or the 'My Concerns' tab on the main navigation bar.
